Dear Bishop Zubik:

The above referenced parish in the Diocese of Pittsburgh, Pennsylvania, has received and implemented all aspects of the Safe Environment Training Program as prescribed by Diocesan Policy.

The program includes training of every required group applicable in this parish environment: children volunteers, parents, ministers, educators and employees, in programs that provide adults with the steps necessary to create an environment safe from child abuse and gives children enrolled in our schools and/or Religious Education Programs and/or Youth Ministry Programs the knowledge they need to stay safe.

Sincerely yours in Christ,

Pastor
